**Candidate for: Black Trustees' Caucus  
(BTC) Vice-Chair; and  
BTC Member, Policy  
Development Work  
Group**

**"Collaboration is our greatest advantage;  
Unity is our strategic strength."**

As a dedicated school board trustee and advocate, I bring great experience working with diverse stakeholders—including social service providers, community partners, charitable organizations, and government agencies. I know how to develop, manage, and grow these important relationships, all while maintaining a deep understanding of the unique challenges faced by our underserved communities.

With a strong commitment to equity, social justice in education, and empowerment, I am passionate advocate for systemic change and ensuring equitable access to quality education for all students. I look forward to collaborating with you to address community needs, uplift marginalized voices, and creating meaningful, lasting impact in our education system.
