

# Are you a woman planning to study engineering at a Canadian University?

The Canadian Engineering Memorial Foundation  
is looking for Role Models that love engineering.

CEMF is offering non-scholastic scholarships in engineering  
to young women who demonstrate exceptional leadership  
and are volunteers in their communities.

Our award winners will act as Ambassadors  
for the profession and mentors to those who follow.

John Evans Engineering Entrance Award \$5,000.
